

# Are your Business Processes Costing you Money?

Process inefficiencies can cost your company **30%** of its **revenue** each year!

- Business Efficiency for Dummies

The **average cost to process a single invoice is \$35!**

- Institute of Finance & Management

**28%** of paper-based businesses worry about an **audit.**

- AIIM

## What is Business Process Management?

BPM is a systematic approach to making an organization's workflow more effective, more efficient and more adaptable to change.

## How does businesses process management help?

Homesteaders Life Company improved **efficiency** and saved 100 hours a year!

Commercial Metals Company improved safety by increasing compliance **control** to nearly 100%.

Worldwide ISCS saved **money** and increased revenue by 30%.

"Having control of information is vital to our business. We need to protect sensitive records and to be able to find specific information right away to answer customer questions and legal queries. PaperVision® Enterprise WorkFlow allows us to track where all of our documents are at any given moment. We can also see what's been done on them at any time during the whole process."

- Chad Anderson, Western Guaranty Fund Services
